

Preliminary Findings of the Regional Study on Financing Eco-innovation in SEE

Dusan Sevic

Financing Eco-innovation in SEE

Zagreb, 27 April 2009

THE REGIONAL ENVIRONMENTAL CENTER
for Central and Eastern Europe

Sectoral Findings

- Sustainable Energy
 - EBRD, KfW, GTZ
- Cleaner Production
 - UNIDO
- Recycling

Regional Findings

- Croatia
- Serbia
- Montenegro, Albania, Macedonia
- Bosnia and Herzegovina

Issues

- Environmental legislation: more carrots, stronger sticks
- Legislation: LCA, eco-design, GPP, CSR
- Legislation: investment, SMEs, innovation
- Sufficient funds for Environmental Protection
- Earmarking
- Dedicated funds for eco-innovation
- Need for revolving funds
- Donor dependency
- Communication between different bodies
- Engaging Ministries of Finance
- Green market incentives, feed-in tariffs
- Application procedures
- Sufficient information

Thank you!
